**CORVALLIS HIGH SCHOOL
WELCOMES YOU
TO THE 2018-19 SCHOOL YEAR!**

MISSION STATEMENT

Building Success Through TIME

Together as educators, students, parents, and community members, we collaborate to provide a successful educational experience for each student by

Inspiring our students to practice good citizenship, to value and respect others, and to seek educational excellence;

Motivating our students with unique courses and creative methods so as to pique student interest in their education and to relate their work to relevant affairs and real life experience.

Empowering our students to use and trust the knowledge, respect, and skills they have gained to achieve success and continue being life long learners.

ATTENDANCE POLICY

The entire process of education requires a regular continuity of instruction, classroom participation, learning experiences, and study in order to reach the goal of maximum educational benefits for each child. The regular contact of the students with one another in the classroom and their participation in instructional activities under the tutelage of a competent teacher are vital to this purpose. This is an established principle of education which underlies and gives purpose to the requirement of compulsory schooling in this and every other state in the nation. The good things that schools have to offer can only be presented to students who are in attendance. With continued emphasis regarding excellence in education, all parties involved in attendance can better strive for quality in the classroom. Attendance reflects a student's dependability and is a significant factor on his/her permanent record. Future employers are as much concerned about punctuality and dependability as they are about academic record. School success, scholarship, and job opportunity are greatly affected by a good attendance record.

Students are expected to attend all assigned classes each day. Teachers shall keep a record of absence and tardiness.

Before the end of the school day, the school shall attempt to contact every parent, guardian, or custodian whose child is absent from school but who has not reported the child as absent for the school day, to determine whether the parent, guardian, or custodian is aware of the child's absence from school.

*Students must be in school for at least a **half** day the day of a dance, field trip, or activity. Any unexcused absences during the day of an activity will cause a student to miss the practice or game for that day.

*Students who will be absent during semester exams must make arrangements to make them up with the principal or designee prior to the absence. Make-up exams are scheduled for a time after final exam week.

**WHEN YOU ARE ABSENT FROM SCHOOL, HAVE YOUR PARENT
CALL THE OFFICE AT 961-3201 TO LET US KNOW
OR BRING A NOTE FROM YOUR PARENT TO THE OFFICE
ON THE MORNING OF YOUR RETURN.**

The following, in moderation, are valid excuses for absences:

1. **Participation in school-approved activity** - To be excused, this absence must be authorized by a staff member, with the prior approval of the principal. The affected teacher(s) must be notified in a timely manner about the absence. Assignments/tests for classes missed must be made up before the school-approved activity or at the discretion of the teacher.
2. **Absence caused by illness, health condition, or family emergency** - When possible, the parent is expected to notify the school office on the morning of the absence or send a signed note of explanation with the student upon his/her return to school. A student shall be allowed one makeup day for each day of absence. "Emergency" shall be defined as unforeseen and unexpected circumstances which create an air of crisis or extreme need. Such circumstances must present a grave and clear danger which could result in irreparable harm or immediate disaster.
3. **Absence for parental-approved activities** - This category of absence shall be counted as excused for purposes agreed upon by the principal, or designee, and the parent. An absence may not be approved if it causes an adverse effect on the student's educational progress. In participation-type classes (e.g. certain music and physical education classes), the student may not be able to achieve the objectives of the unit of instruction as a result of absence from class. In such a case, a parent-approved absence would have an adverse effect on the student's educational progress, which would ultimately be reflected in the grade for such a course.
4. **Absence resulting from disciplinary actions or short-term suspension** - Students who are removed from a class or classes as a disciplinary measure, or students who have been placed on short-term in-school suspension, may have the

right to make up assignments or exams missed during time they were denied entry to the classroom. Students who have been placed on out-of-school suspension may make up assignments or exams missed during time they were denied entry to the classroom at the discretion of the principal/assistant principal.

5. **Extended illness or health condition** - If a student is confined to home or hospital for an extended period, the school shall arrange for the accomplishment of assignments at the place of confinement whenever practicable. If the student is unable to do his/her schoolwork, or if there are major requirements of a particular course which cannot be accomplished outside of class, the student may be required to take an incomplete or withdraw from the class without penalty.
6. **Excused absence for chronic health condition** - Students with a chronic health condition which interrupts regular attendance may qualify for placement in a limited attendance and participation program. The student and his/her parent shall apply to the principal or designee, and a limited program shall be written following the advice and recommendations of the student's medical advisor. The recommended limited program shall be approved by the principal. Staff shall be informed of the student's needs, though the confidentiality of medical information shall be respected at the parent's request.

Attendance Policy for Extra - Curricular Activities

You are required to be in school at least half a day in order to practice or participate in an event. This includes attendance after a morning practice session. Medical appointments which are cleared with administration prior to the appointment are allowed.

Students who will be absent during semester exams must make arrangements to make them up with the principal or designee prior to the absence. Make-up exams are scheduled for a time after final exam week.

Unexcused absences:

1. Truancy is defined as persistent non-attendance without excuse. Each unexcused absence shall be followed by notification to the parent either by phone or by mail. A student's grade shall not be affected if no graded activity is missed during such an absence.
2. When a student has repeated trancies, a conference shall be held with the parent, student and principal, or designee.
3. If the corrective action decided on during said conference fails to correct the truancy problem, the student shall be declared an habitual truant. The attendance administrator shall interview the student and his/her family and prescribe corrective action, which may include suspension for the current semester or expulsion. A student who has been expelled for attendance violations may petition the Board for reinstatement. Such petition may be granted upon presentation of a firm and unequivocal commitment to maintain regular attendance.

MAKE-UP WORK POLICY:

All work should be turned in before leaving for school-related absences. All students are expected to turn in assignments on time. If a student has an unexpected absence they are expected to talk to their instructors in a prompt manner following their absence(s) and make-up the work immediately.

1. The grace period for make-up work should not exceed five school days. (Students will be expected to talk to their instructors the day the student returns to school regarding what they missed during their absence.)
2. Tests and quizzes will need to be made up immediately. No later than the next day of that particular class.
3. Long-term projects, term papers, quarter projects or other lengthy assignments will be due on the date assigned.
4. Extraordinary circumstances allow for additional time to be permitted for make-up work by individual teachers on a case-by-case basis.
5. When you return from an absence, contact the teachers of the classes you missed so that you can get your assignments.

PUNCTUALITY

You are expected to be in class on time as a courtesy to your teacher and your classmates.

The Board will expel any student who uses, possesses, controls, or transfers a firearm or any object that can reasonably be considered, or looks like, a firearm for a definite period of time of at least one (1) calendar year. The Board may modify an expulsion period on a case-by-case**

15. Cell phones and other electronic devices: These can be used during class at the discretion of the teacher. Students who bring their own device must abide by the same rules as if they were using a filtered district device. Unauthorized use of such devices disrupts the instructional program and distracts from the learning environment. Unauthorized use is grounds for confiscation of the device by school staff. Confiscated devices will be returned to the parent or guardian. Repeated unauthorized use of such devices will result in disciplinary action.
16. Food and drink in the classroom unless allowed at the discretion of the teacher in the room.
17. Tardies: A student is considered tardy if he/she is not present in the classroom when the last bell rings. Consequences for the first **3** tardies are at the discretion of the teacher. If a student receives a fourth tardy in a quarter, the student may be referred to administration and receive discipline at the discretion of the assistant principal. Students with zero tardies or unexcused absences for an entire week will be released for lunch 5 minutes early the following Tuesday.

*A violation of rules can result in several consequences which range from conferences with students, conferences with parents, detention, and suspension to expulsion.

DISCIPLINE POLICY

Corvallis High School will endeavor to insure that students develop to their fullest potential of achievement. This

development can best take place in an environment where student rights are protected.. Student responsibility must also be part of this climate in order to provide the orderly framework within which goals of freedom can be realized.

The statements of rights and responsibilities included in this document cannot hope to cover every situation which may arise, nor is it intended to be a long list of do's and don'ts. The purpose of the consequences imposed is to change behavior. The principal and/or designee has the authority to impose suspension on students for failure to comply with school regulations, and if it should become necessary, to recommend the expulsion of a student to the superintendent of schools.

Due process:

This book has explained the major disciplinary problem areas and the actions that will result for those students who cannot live by the rules. All students are entitled to due process. This means there are certain procedures which school officials must follow prior to taking the appropriate disciplinary action. There are also procedures which students must follow if they do not agree with the school's actions. The following summary is to acquaint students and parents that such a procedure exists.

Suspensions and Expulsions:

A student may be expelled from school only by the Board and only after due process procedures have been followed. The purpose of expulsion is to protect the educational atmosphere and to provide for the rights and general safety of all persons.

The following violations (but not exclusive of others) occurring on school property or at school functions, or in any other context where the District may lawfully assert jurisdiction over the student, may bring expulsion recommendation:

1. Continued open defiance of authority;
2. Destruction of school property;
3. Physical abuse or threat to any person;
4. Unlawful or unauthorized use, possession, distribution, or

- sale of drugs (prescribed or non-prescribed); alcoholic beverages, tobacco or other illegal contraband;
5. Violations of District or school regulations;
 6. Violation of state law; and
 7. Possession of unauthorized objects deemed dangerous to people or property.

GUN FREE SCHOOLS ACT:

The possession of a gun(s) is against school rules and federal law. Anyone having a gun on school grounds will go through an expulsion hearing before the Corvallis Board of Trustees as well as be referred to local law enforcement officials.

Appeal:

1. The student (18 years of age) and/or the student's parents/legal guardian have the right to appeal a potential long or summary suspension or expulsion. No appeals are granted for in-school or short term suspensions or detentions.
2. An appeal for a hearing at either the administrative or Board of Trustees level, whichever is appropriate, must be made within three school days after the date of receipt of the decision regarding a long suspension, summary suspension, or expulsion.
3. Students may present witnesses at all hearings, but do not have the right to cross-examine any persons participating in the hearings at the administrative level. The student may only be represented by an attorney at a hearing before the Board of Education. In hearings before the Board of Education, cross-examination of witnesses is permitted.

GUESTS

Guests of students are not allowed during the school day. Students may request to bring a guest to a school dance if sign-up is done at least two school days prior to the dance and the guest has been approved by the school administration. Guests for dances may not be over 19 years old.

STUDENTS' RIGHTS AND RESPONSIBILITIES

Right to Learn:

Corvallis High School exists in order to guide each student to learn as much as he/she can. Teachers strive to assist, encourage, and stimulate students to do their best. It is the intent of the school district that all students be treated fairly.

The right to learn also includes the right of classes that meet and carry on without interruptions, disruptions, or distractions, whether inside or outside the classroom. Behavior which disrupts the normal functions of classes is an infringement on the rights of others and contrary to school policy.

Students have the right to participate in school activities and classes regardless of race, religion, ethnic or economic status. Inquiries or complaints regarding discrimination should be directed to Tim Johnson, Title IX coordinator.

Freedom of Expression:

Students shall enjoy the privilege of free verbal and written expression providing it does not disrupt the operation of the school. The principal shall have the authority to monitor student verbal and written expression. Students who violate these standards shall be subject to corrective action punishment.

If they do put a lock on it, they must supply the office with its combination or the extra key. Any damage to lockers will be charged to the student by fine. The school reserves the right to search student lockers or persons on reasonable suspicion that something is improper regarding violations of the school rules or law. TITLE IX SEXUAL HARASSMENT/INTIMIDATION

Corvallis School District is committed to a positive and productive working and learning environment that is free of discrimination. Discrimination adversely affects morale and interferes with the employee and student's ability to work and learn. The District prohibits sexual harassment or intimidation of its employees or students, whether committed by a coworker, supervisor, subordinate, contractor, volunteer or student, and finds such behavior just cause for disciplinary action. Whereas sexual harassment substantially compromises the attainment of educational excellence, the District will not tolerate such behavior between members of the same or opposite sex. Furthermore, the District prohibits retaliation against any employee or student because he/she has made a report of alleged sexual harassment, or against any student who has testified, assisted, or participated in the investigation of a report. Retaliation includes, but is not limited to, any form of reprisal, intimidation, or adverse pressure. Retaliation is itself a violation of federal and state regulations prohibiting discrimination and will lead to disciplinary action against the offender. This policy

applies to individuals attending any events on District property, whether or not District-sponsored, and to any school-sponsored events, regardless of location. A complete copy of this policy is in the high school office. Mr. Johnson is the Title IX officer.

SCHOOL SEARCH AND SEIZURE POLICY

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers or student vehicles under the circumstances outlined below and may seize any illegal, unauthorized, or other contraband materials discovered in the search. A student's failure to permit searches and seizure as provided in this policy will be considered grounds for disciplinary action. No student shall burden, obstruct, or prevent any search authorized by Corvallis School District #1's policies and/or procedures. Please see Policy 3231 for further information regarding student searches and seizures

Personal searches:

School authorities may search a student, the student's property, or District property under the student's control, when there is reasonable suspicion that the search will produce evidence the student has violated or is violating either the law, Board policy, administrative regulation or the District's student conduct rules. Contractors may be employed by the District to handle trained dogs to assist in this search. Reasonable suspicion shall be based on the specific and objective facts that the search will produce evidence related to the alleged violation. The types of property that may be searched by school officials include but are not limited to lockers, desks, purses, backpacks, vehicles parked on school property, cellular phones or other electronic communication devices. Immediately following a search, a written report shall be made by the school authority who conducted the search. The report shall be submitted to the Principal and the Superintendent. The parent of the student shall be notified of the search as soon as possible. If a pat down search of a student is conducted, it will be conducted in private by a school official of the same sex with an adult witness present, when feasible. If extreme emergency conditions require a more

intrusive search of a student, it may only be conducted in private by a school official of the same sex, with an adult witness of the same sex present, and only upon prior approval of the principal or superintendent, unless the health and safety of students will be endangered by the delay which might be caused by following these procedures.

School Property:

Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. Periodic general inspections of lockers may be conducted by school authorities for any reason at any time without notice, without student consent, and without a search warrant.

Vehicle Searches:

Parking on District property is a privilege for all students. Students may not use, transport, carry, or possess alcohol, illegal drugs or any weapons in their vehicles on school property. While on school property, vehicles may be inspected at any time by staff, or by contractors employed by the District utilizing trained dogs, for the presence of alcohol, illegal drugs, drug paraphernalia, or weapons. In the event the school has reason to believe that alcohol, drugs, drug paraphernalia, or weapons are present, including by alert-trained dogs, the student's vehicle will be searched, and the student expressly consents to such a search by parking on District property. In addition, by exercising the privilege of parking in the school parking lots, the student acknowledges that the student does not have any expectation of privacy in the odors emanating from the student's vehicle which may alert a human or canine to the presence of alcohol, illegal drugs, drug paraphernalia or weapons. The student also consents to having the vehicle searched if the school authorities have any reasonable suspicion to believe that a violation of school rules or policy has occurred. Students are permitted to park on school premises as a matter of privilege, not of right. Neither this District nor Corvallis High School is responsible for any damage to vehicles or their contents.

Seizure of Illegal Materials:

If a properly conducted search yields illegal or contraband materials, such findings may be turned over to proper legal authorities for ultimate disposition. School disciplinary consequences are already in place for the possession, distribution, and/or use of illegal materials. HOT LUNCH/BREAKFAST PROGRAM

The hot lunch/breakfast program is maintained as a vital part of the health program of school. To encourage good nutrition, well balanced meals are offered at a reasonable price. School district policy requires a pay-in-advance program only. Students and adults must maintain a positive balance in their account at all times. Free and reduced lunch applications are available in the office as well as the superintendent's office.
